FALL 2015 REMITTANCE WORKSHEET INSTRUCTIONS

The **BALANCE DUE** on your Statement of Account is carried forward to your remittance worksheet in block (A). The remittance worksheet is used to list additional credits or charges, if applicable, **that are not listed on your current Statement**. Always return a copy of your remittance worksheet to the Student Accounts Office.

**Section 1 - Outside Scholarships and Private Loans**
Awards from private organizations may be disbursed in one or two installments. You will need to check with your source for the amount of the credit to take for the fall semester. If you have not already done so, please send a copy of the outside scholarship notification to the Financial Aid Office.

Private loans from outside sources may be deducted in section 1. Most educational loans are disbursed directly to the College. For a full-year loan, one-half will be disbursed in the fall, and the other half in the spring semester.

**Section 2 - TMS Monthly Payment Plan**
If you have enrolled with TMS to spread your annual expenses over ten or nine months, you may deduct one-half of your annual budget amount for the 2015-2016 academic year, regardless of your actual payments to date. Adjustments to your budget plan will be made by the College on your student account as changes to your total budget occur.

There is still time to enroll in the TMS monthly payment plan by calling TMS at 1-800-722-4867.

**Section 3 – Other (not already listed) Financial Aid or Credits**
In most cases, your federal loans have already been listed on your Statement of Account, net of estimated origination fees (4.288% for PLUS and 1.072% for Stafford loans).

However, if you have been selected for verification, and that process was not complete at the time of this billing, anticipated financial aid credits are NOT reflected on this Statement. If you receive a new financial aid award letter prior to the due date of August 3, 2015, you may deduct any new or additional credits, including PLUS loans, detailing the type and amount for the fall semester. If you do not receive a new award letter prior to the due date, there may be missing or incomplete verification documentation. It is extremely important that you contact the Financial Aid Office at 610-921-7515 or at finaid@albright.edu to resolve this issue.

You may also use this section to claim credit for any recent payments or other pending credits not currently reflected on the current Statement.

**Section 4 – Additional Charges / Declined Aid to be added to Account**
Please use this section to add in charges (e.g. room and/or meal plan charges) that are not already reflected on this Statement, to correct room and/or board charges assessed in absence of your actual selection, and/or to add back credits for any loans that you have decided to decline.

**REVISED BALANCE DUE**
Please add together the subtotals for sections 1, 2 and 3; and enter in to Block B (Total Deductions/Credits). Subtract Block B from Block A (Balance Due per Statement) and add Block C (Total Additional Charges). The result is the Revised Balance Due, which should be remitted by August 3, 2015.
