| Year Two                                           |                                     |
| ____ BIO 203 (General Biology III)                 | ____ BIO 300* (Biometry)            |
| ____ CHE 207 (Organic Chemistry I)                 | (Gen. Studies Quantitative Reasoning) |
| (Prerequisite: CHE 106)                            | ____ CHE 208** (Organic Chemistry II) |
| ____ BIO 311 (Ecology)                             | (Prerequisite: CHE 207)             |
| (Prerequisite: BIO 201 & BIO 202)                  | ____ Group Electives***             |

| Year Three                                         |                                     |
| ____ Group Electives***                            | ____ Group Electives***             |

| Year Four                                          |                                     |
| ____ Group Electives***                            | ____ EVS 400 (Environmental Seminar) |

**NOTE:**

* BIO 300 is offered alternating years  
** CHE 208 recommended elective  
*** Group electives – two courses from each of the three groups; 3 of 4 courses from groups one and two need to be laboratory courses.

### Biological Electives
- BIO 304 (General Botany)  
- BIO 314 (Plant Taxonomy)  
- BIO 316 (Cons. Biology)  
- BIO 321 (Gen. Bacteriology)  
- BIO 334 (Vert. Natural History)  
- BIO 342 (Evolution)  
- BIO 492 (Envir. Bio. Seminar)

### Phy. Science Electives
- BIO 312 (Wetlands Ecology)  
- EVS 310 (Pollution)  
- EVS 315 (Watershed Hydrology)  
- EVS 320 (Envir. Geology)  
- EVS 410 (Environmental Hydrology)  

### Socio-Political-Cultural
- ANT 210 (Culture & Environment)  
- ANT 285 (Human Animal)  
- POS 320 (Politics & Environment)  
- POS 321 (Environmental Policy)  
- ECO 224 (Environmental Economics)  
- PHI 270 (Environmental Ethics)  
- PSY 350 (Animals in their Envir.)

04 / 05
ENVIRONMENTAL STUDIES
ADVISING PLANNING SHEET
INTERDISCIPLINARY FULL CONCENTRATION – Environmental Studies

___ EVS 101 (Environment & Society)
   (General Studies IDS Requirement)

___ EVS 400 (Environmental Seminar)

___ ANT 210 (Culture & the Environment)

___ ECO 224 (Environmental Economics)

___ POS 320 (Politics and the Environment)

___ PSY Elective (300 level ecological psychology)

___ ONE from the following (an additional environmental science above the general studies natural science requirement):
   PSY 350 (Animals in the Environment)
   BIO 311 (Ecology)
   EVS 310 (Pollution)
   EVS 315 (Watersheds)
   EVS 320 (Environmental Geology)

___ ____ TWO Humanities:
   PHI 270 (Environmental Ethics) or HIS 283 (Living on Earth)
   ONE Approved Religious Studies

___ ____ ____ THREE from the following:
   ANT 206 (Food and Culture)
   ANT 285 (Human Animal)
   POS 321 (Environmental Policy)
   POS 317 (Intergenerational Justice and the Environment)
   POS 410 (Political Power and the Environment)

___ ONE Experiential learning course from the following:
   ANT 290 (Martinique Study)
   EVS 382 or POS 399 (Internship)
   Another off-campus experience / independent study

04 / 05
EVS 101 (Environment & Society)  
(General Studies IDS Requirement)

EVS 400 (Environmental Seminar)

ANT 210 (Culture & the Environment)

ECO 224 (Environmental Economics)

POS 320 (Politics and the Environment)

PSY Elective (300 level ecological psychology)

PHI 270 (Environmental Ethics) or HIS 283 (Living on Earth)

TWO from the following, from two different departments:

ANT 285 (Human Animal)
POS 321 (Environmental Policy)
POS 317 (Intergenerational Justice and the Environment)
POS 410 (Political Power and the Environment)
PSY Approved Advanced Course in Gender and Class

04 / 05
