Course suggestions for students pursuing careers or graduate school in clinical or counseling psychology:

- Courses marked with ** are generally required by most clinical/counseling graduate programs. Note, that for 230/240 and 390/391, you need only take one from each pair.
- Courses marked with * are recommended
- ^aFor Psy396, students should conduct a clinically-oriented research project.

Prerequisites

- All 200 level Psychology courses (excluding Psy290) require Psy100.
- All 300 level Psychology course (excluding Psy319) require Psy200 or instructor permission.
