hoonuit is more than just a library of 1500+ videos

- Videos are organized into Learning Pathways or they can be viewed individually by anyone in the campus community who wants to learn a new skill or idea
- Users can complete a Learning Pathway and optional assessments and be awarded a certificate of completion
- Faculty can embed hoonuit content directly into Moodle for easy student access and monitoring of completion of viewing of videos and assessments
- Supervisors can assign hoonuit content to employees as part professional development
- Content is organized into the following categories
 - ✓ Software and Technology, Student Resources, Instructional Strategies, Assessment & Evaluation, Planning, Learning Environment, Special Populations & Accessibility, Leadership

For help and ideas on embedding hoonuit into your classroom or using it to create a professional development path for staff, [make an appointment](#) with the instructional design team. We can meet you in person or online.
