

REGISTRATION FOR THE 2022 INTERIM and SPRING SEMESTERS

For the 2022 Interim and Spring Semesters, you will register for courses online through our [Self Service](#) System. [Detailed Online Registration Instructions](#) are available under the Registration menu in Self Service.

Your Adviser must authorize your Self Service account for you to register. Your Adviser is listed in Self Service at the bottom of your Course Schedule. If you have more than one Adviser, either one can authorize your registration.

Because only your Adviser can authorize your registration, it is very important that your correct Adviser is listed in the system. If you are changing your Major and Adviser, you MUST follow the [online process](#) on the Registrar's Office website to change your major.

If your Adviser is on leave this semester, you will receive separate special directions on whom to contact for Adviser authorization.

Please make sure that you can log-in to your Self Service account before your registration day. If you need help with the log-in or with your password, please contact Client Services at 610-921-7676.

DIRECTIONS

Review the Master Course Schedule to determine the courses you would like to take. Next, meet with your Adviser about your course selections and have your Adviser authorize your registration.

You will not be able to register if there is a HOLD on your account. Most HOLDS are for unpaid balances. You must contact the Student Accounts Office about these. There may also be a HOLD if you did not register for Housing for next year. You must contact the Residence Life Office about these.
