Day 0-5: Wear a well-fitting mask
around others.
Monitor for symptoms
(The date of last close contact is
considered day 0).

Day 0-5: Quarantine at home or on
campus.
Monitor for symptoms
(The date of last close contact is
considered day 0.)

Schedule test at Gable Health Center if symptoms develop and/or 5 days after last close contact

Day 6-10: Wear a well-fitting mask when around other people
Continue to monitor symptoms
Avoid people who are immunocompromised or at high risk for
severe disease, and nursing homes and other high-risk settings
Do not go to places where you are unable to wear a mask, such as
restaurants and some gyms, and avoid eating around others
Avoid travel

If positive, then isolate,
under direction of the GHC
